Profile

Web3 Community Manager and Content Creator with hands-on experience building, moderating, and scaling crypto-native communities across X and Discord. Skilled in hosting Twitter Spaces, driving partnerships, and creating high-engagement Web3 content. Proven contributor to multiple Web3 projects through community growth, moderation leadership, and business development initiatives.

Core Skills

- Web3 Community Management (Discord & X)
- Twitter Spaces Hosting & Event Management
- Content Strategy & Copywriting
- Moderation & Community Operations
- Business Development & Outreach
- Partnerships & Collaborations
- 3D Rendering (Blender, SketchUp)
- Video & Content Editing

Experience

Web3 Content Creator

Independent / Multiple Projects

- Created and published Web3-focused content on X, covering lifestyle, crypto, and emerging Web3 projects.
- Built and managed an audience of **2K+ followers on X** through consistent posting and community interaction.
- Represented and created content for projects during major industry events, including **India Blockchain Week (IBW)**.

Web3 Project Contributor

Multiple Web3 Projects

- Supported early-stage Web3 projects through community growth initiatives and engagement strategies.
- Led **business development and outreach**, connecting projects with creators and partners for collaborations.
- Assisted teams with community operations, announcements, and user engagement during launches and events.

3D Render Artist Intern

ECCCHKAY | *Jan 2024 – Jun 2024*

- Assisted in producing high-quality 3D renders for various commercial and creative projects.
- Worked on **modeling, texturing, lighting, and rendering** using Blender and SketchUp.
- Collaborated with senior designers to deliver visually consistent and optimized assets.

Key Projects & Contributions

- **Aptos (IBW)** – Created event-focused content to boost visibility and community engagement.
- **Head Moderator** – Tingz, Overknights, Rubians, SIXR
    - Managed moderation teams and maintained healthy, active communities.
- **BD & Host** – MetaRealm, Velcor3, TW3
    - Hosted Twitter Spaces, led discussions, and facilitated creator and project collaborations.
